

Annex no. 1

The information to be provided by applicants and the criteria applied for the assessment of the potential suppliers and producers

1. Copy of the decision to register the enterprise;
2. Copy of the certificate of assignment of the tax code;
3. Copy of the license for the production or supply of electricity;
4. Source of electricity (own power plant, purchase from the market, import (from which country));
5. Proof of experience in electricity supply – 12 months of experience in the period 2018-2020 as an individual applicant or as part of a group of companies in the field of electricity to which the applicant belongs. If the applicant has another electricity supplier as a partner, then each party must provide proof of having 12 months of experience in the period 2018-2020;
6. Capacity allocated during the contract period for those interconnections in the case of electricity importers;
7. Proof of the availability of power and sufficient amount of electricity;
8. Proof of possessing sufficient volume of fuel during the contract period, as well as the absence of debts to fuel suppliers, in the case of manufacturers processing fuel to produce electricity;
9. Proof of the absence of debts for the previous year for taxes and contributions in accordance with the legal provisions of the country where the interested party is registered;
10. Copy of financial reports for the last two years;
11. Statement that the interested party is not in bankruptcy or liquidation proceedings and/or has suspended its economic activity.
12. Proof of submission by the applicant of a financial guarantee for pre-qualification of 3000 Euro or the equivalent amount of 3000 Euro (at the official exchange rate of the NBM at the time of payment), in the account of ICS "Premier Energy" SRL:
